

# **! ATTENTION ON DECK !**

The ***U.S. Navy Training Center Bainbridge Association*** is on the watch for all the men and women who passed through her proud gates from 1942 through 1976 in the service of their country. The Association seeks all veterans and civilians out there who served at the U.S. Naval Training Center Bainbridge to join the Association as shipmates in our mission to solidify the legacy of this dedicated training center and its people.

The Association has implemented a program whereby it is contacting existing reunion groups of various naval units. All personnel—staff, recruits, school attendees, civilian support, and families—played a viable role for over three decades and three wars ( WWII, Korean Conflict and Vietnam) in addition to keeping the sea-lanes open during peacetime operations and America a free nation.

So all of you dry-docked ‘Bainbridgers’ out there, sign up and join the ranks to renew the camaraderie and memories and be partners in commissioning the legacy of **USNTC Bainbridge Association**. The brochure about the Association and a Membership Application are included.

*Yours in service . . .*

Arline Caliger, HMC; USNR (Ret.)  
(Company 21 of 1957)  
President, USNTC Bainbridge Association
